Welcome to Cotton Lane Citrus Honey

Home of Arizona's Most Daring & Delicious Honey

ARIZONA KILLER BEE HONEY

The Arizona sun rises over fields of citrus and wildflowers, where the air hums with the tireless work of bees. Here, nature's most determined pollinators craft golden nectar, transforming the rugged landscape into jars of sweetness. This isn't ordinary honey—it's the culmination of desert resilience and meticulous care, each drop infused with the spirit of the Southwest.

Understand not all honey is created equal.

At Cotton Lane Citrus, we take pride in producing **only raw, natural honey** that's never pasteurized or filtered beyond what's necessary. That means every jar is loaded with naturally occurring enzymes, antioxidants, and nutrients that support wellness, boost immunity, and taste like sunshine.

But what makes our honey truly unforgettable?

It's harvested from real **hybrid honey/killer bees**—yes, you read that right—thriving right here in the Arizona desert. These hardworking bees aren't just fierce—they're phenomenal pollinators, creating bold, flavorful honey that captures the wild heart of the Southwest.

Why Our Honey Stings (in a good way):

- 🍯 **Full-bodied flavor** straight from untamed Arizona blooms
- 🌱 **Unprocessed purity** for maximum health benefits
- 🐝 **Killer bee magic**—a daring twist on traditional honey
- 📦 **Nationwide shipping** so you can taste Arizona wherever you are
- 🚗 **Local pickup savings** at our U-Pick:

14014 N. 172nd Avenue, Surprise, AZ. 85388

Bonus Buzz:

Honey doesn't expire! If it crystalizes (and it might—it's nature's way of saying "I'm real"), just place the jar in warm water to gently bring it back to smooth, golden glory.

Whether you're stirring it into tea, gifting it to someone sweet, or stocking your pantry with nature's finest, Cotton Lane Citrus Honey delivers a buzzworthy experience.

Check out all the different sizes and shapes we offer in this our first downloadable honey catalog. You can also visit the farm in Surprise AZ. Get stung by flavor. Stay for the story.
